Klorman Construction Selected as Design/Build Contractor of 298-car Garage in Newport Beach

NEWPORT BEACH, CA. – April 22, 2015 -- Klorman Construction has been selected as the Design/Build contractor for a 298-car concrete parking structure for the Westcliff Drive Medical Offices in Newport Beach.

The Woodland Hills-based company is overseeing construction of a 3-level, 298-car post-tensioned concrete parking structural with partial basement. The new parking structure will serve a mixed-use complex of buildings consisting of medical offices and some commercial space.

“Over the years we have developed a solid reputation among both general contractors as well as owners for our ability to deliver a quality parking project,” said Klorman Construction President Bill Klorman. “We look forward to bringing this specialized experienced to bear on this project.”

Construction began this spring, with completion expected in December.

The structure will feature stone veneer materials to match the skins of existing and new surrounding office buildings.

Ontario-based Fullmer Construction is the general contractor for the overall project.

About Klorman Construction

Klorman Construction is a Los Angeles-based design/build general contractor and structural concrete contracting company. Founded in 1980, Klorman has earned a reputation for building complex parking structures, multi-level towers and high-end architectural concrete projects.
