## **Klorman Construction Selected to be Concrete Subcontractor for Medical Office Building**

**WOODLAND HILLS, CA. – April 25, 2018**

Klorman Construction has been chosen to be the concrete subcontractor on a 4-story medical office building in the City of Duarte. The 127,634-square-foot building is being developed by Hathaway Dinwiddie Construction on behalf of the City of Hope.

As the concrete subcontractor, Klorman Construction will play a key role in the development of the all-concrete medical office building, which will feature a textured finish on exposed concrete.

Gensler is the architect on the project.

### **About Klorman Construction**

Klorman Construction is a design/build general and structural concrete contracting company. Founded in 1980, the company has earned a reputation for building complex parking structures, multi-level towers and high-end architectural concrete projects. Construction services include project management, structural concrete building, award winning Building Information Modeling (BIM) & VDC services, consulting, value engineering, and renovation. Klorman Construction has more than 300 projects to its credit, including numerous developments and renovation projects in diverse building types and geographic regions. Its projects include mixed-use retail centers, hotels, office, and institutional and medical buildings.
