Klorman Construction to Oversee Concrete Work for Tommie Hotel & Parking Structure

WOODLAND HILLS, CA. – April 5, 2018

Klorman Construction has been selected as the structural concrete subcontractor for the planned eight-story 212 room Tommie Hotel in Hollywood.

The Tommie is comprised of six levels of concrete on metal deck framing, over 3 levels of above ground concrete framing and a four-level, 173-stall underground parking structure.

The Tommie, located at 6516-6526 W. Selma Ave., is the second major hotel Klorman Construction is currently involved with in Hollywood. The company was also recently tapped to work on The Godfrey Hotel.

We are proud of our association with The Tommie and The Godfrey properties," said Bill Klorman, president of Klorman Construction. "This is another example of our growing reputation and expanded roles on various commercial properties, a testament to the hard work and dedication our talented team has developed over the years."

Hollywood-based Relevant Group is the owner of The Tommie project. Suffolk Construction is serving as the general contractor, while Steinberg Hart Architects is providing design services.

About Klorman Construction

Klorman Construction is a design/build general and structural concrete contracting company. Founded in 1980, the company has earned a reputation for building complex parking structures, multi-level towers and high-end architectural concrete projects. Construction services include project management, structural concrete building, award winning Building Information Modeling (BIM) & VDC services, consulting, value engineering, and renovation. Klorman Construction has more than 300 projects to its credit, including numerous developments and renovation projects in diverse building types and geographic regions. Its projects include mixed-use retail centers, hotels, office, and institutional and medical buildings.
