**KLORMAN CONSTRUCTION BUILDING
20th CENTURY FOX STUDIOS WEST PARKING STRUCTURE**

LOS ANGELES, CA. – Oct. 22, 2007 --- **Klorman Construction** has been selected to build the 789-stall 20th Century Fox Studios West parking structure.

In conjunction with PCL Construction Services and 20th Century Fox Studios, Klorman will provide the reinforced concrete framing of the 9-story planned structure, five stories of which will be located below ground and require a full methane encapsulation system.

The parking structure will service studio staff and visitors.

“This is one of the higher profile parking structure projects in Southern California,” said **Bill Klorman**, president of Woodland Hills-based Klorman Construction. “We welcome the opportunity to work closely with 20th Century Fox West and PCL Construction Services on a project of this scope and look forward to bringing to this project our full range of expertise.”

About Klorman Construction

Klorman Construction is a Los Angeles-based design/build general contractor and structural concrete contracting company. Founded in 1980, Klorman has earned a reputation for building complex parking structures, multi-level towers and high-end architectural concrete projects. Construction services include design/build, construction management, structural concrete, consulting, value engineering, renovation and project management.

Klorman Construction Corp. has more than 150 projects to its credit, including numerous developments and renovation projects in diverse building types and geographic regions. Its projects include mixed-use retail centers, hotels, office, institutional and medical buildings. The company maintains offices in Los Angeles, San Diego and San Francisco.
