

Project Name:

FASHION ISLAND PARKING STRUCTURE

Location:

680 Newport Center Drive, Newport Beach, CA

Owner:

The Irvine Company, Newport Beach, CA

Architect or Engineer:

McLarand Vasquez Emseik & Partners

Description of Project:

The 164-car post-tensioned concrete parking structure serves the newest office building at Fashion Island. Since the 53,600 square foot structure is adjacent to one of the entrances to the high-profile commercial and retail center, the design required careful consideration of topography and sight lines to surrounding buildings.
